Update from Heber

Janet read an update from Jaime Silva, Heber School District Superintendent, regarding the joint use facility. The MOU-partnership between McCabe School District and the County of Imperial does not include a county contribution. She explained that the County collects all of the developers' fees. The McCabe area developers have agreed to excess contributions for McCabe development, the excess fees are then County's contributions to McCabe's project.

The estimated cost of the Heber gym/joint use facility is \$6.7 million dollars with the state maximum contribution of \$1.5 million. Heber will have to look for partners to share the cost of the facility.
